Rosy is from Burma. Her father died from HIV. Rosy, her youngest sister and her mother are on ART medication. She was brought to Happiness Home because there is no medical support in her village. Her mother is a daily wage earner so she has difficulties supporting all her children. Rosy was brought to Happiness Home for her medical treatment and further education. She is studying in the 7<sup>th</sup> grade and her favourite subject is Science. She likes playing Badminton and wants to become a Neurologist
